Reason for allowance

The following is an examiner's statement of reasons for allowance: the applicant's amendment of 01-03-05 overcomes the technical deficiencies and the prior art of records.

The prior art of records fails to teach or fairly suggest a drive circuit for driving a semiconductor device comprising: an abnormality detection means for detecting value of at least one of a voltage that appears at a control terminal of the power semiconductor device and a current that flows into the control terminal of the power semiconductor device, and for detecting occurrence of an abnormality in the power semiconductor device when the value detected reaches an on-state value within a time period after receiving a turn-on instruction, the time period being shorter than a normal time period that elapses when the value detected reaches the on-state value after receiving a turn-on instruction in absence of an abnormality in the power semiconductor device as called for in claims 1, 7 and 15. Therefore, claims 1 and 5-17 are presently allowed.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hiep Nguyen whose telephone number is (571) 272-1752. The examiner can normally be reached on Monday to Friday from 7:30am to 4:00pm.
